Each canvas print is coated with a 'UV Protective Coating'. This provides a barrier against UV light, scratching, dirt and moisture and can be wiped clean with a damp cloth.

Printing styles

Edge to Edge - image printed to the top edge of the canvas

Image Wrap - image printed to wrap around the edge of the canvas

Printed with border - image is printed with creative white border (only available on the larger print sizes at an additional cost) Add 20% to the price of printing.

Supplying images for printing

Images can be on CD, DVD or USB stick and accompanied by an order form filled out by our gallery staff.

We recommend images shot with no less than a 6 megapixel camera for larger print sizes, shot on the camera's maximum file size.

The larger the print required the larger the file needed.
